DETAILED ACTION

Applicants' amendment dated 12/07/2005 has been received and entered. By the amendment, claims 1-7 and newly added claim 21 are now pending in the application.

Claim Rejections - 35 USC § 102

1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
2. Claim 1, 4-7 and 21 are rejected under 35 U.S.C 102(e) as being anticipated by Jung et al., US Patent Application Publication No. 2004/0051836 A1.

The above claims are anticipated by Jung et al. figure 3 which discloses a display device comprising a plurality of pixels (140); a plurality of gate lines (GL); a driving circuit (fig. 2, 150), wherein the gate line having a first part of gate line connects to the pixel, a second part of gate line connects to the driving circuit and a metal wiring (C) connects the first and second part of the gate line.

It should be noted that Applicant cannot rely upon the foreign priority papers to overcome this rejection because acknowledgment is made of applicant's claim for priority under 35 U.S.C. 119(a)-(d) based upon an application filed in 2002-326413 on 11/11/2002. A claim for priority under 35 U.S.C. 119(a)-(d) cannot be based on said application, since the United States application was filed more than twelve months thereafter.

Accordingly, the rejection under 35 U.S.C 102(e) stand.

Art Unit: 2871

Allowable Subject Matter

3. Claims 2-3 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Response to Arguments

4. Applicant's arguments filed 12/07/2005 have been fully considered but they are not persuasive as stated above.

Conclusion

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
